### Commitment to Digital Accessibility

We are dedicated to providing an equivalent digital experience for all website users, regardless of physical or cognitive ability. To uphold our commitment, we adhere to the Website Content Accessibility Guidelines (WCAG) 2.1. Level AA standards in the design, testing and development of our website experiences. The WCAG 2.1. Level AA standards are recognized and acknowledged as the international standard measure of success.

We make it easy to navigate our website by supporting assertive technologies such as screen readers, magnifiers, and voice recognition software. Our digital standards, design and development teams regularly collaborate to ensure we follow accessibility best practices, and consult with accessibility and usability specialists, and people with disabilities to make sure our sites

function properly and that we continue to learn as technology expands. These efforts help ensure that our content is available to all, including those who rely on assistive technology.
